

## HOMES WANTED

**EVENING NEWS HAS MANY CALLERS ANXIOUS TO FIND HOUSES IN GLENDALE**

Many times during every week people of refined appearance, who undoubtedly would be the finest kind of citizens, visit The Evening News office hoping to locate some property they can rent for a few months or a year. Some of them, unable to rent, decide to buy and then their troubles are over, except for obtaining possession, as the inmates have no place to move. Others are not able to buy or wish to stay in the West for only a few months. In nearly every instance of the kind named the remark is made: "We have heard so much about Glendale and now we have seen it, like it so well that we want to live here for the time we have to spend on the coast, because it seems more like home than Los Angeles and we like it better than any other suburban city and we have visited them all." This is the kind of people we are failing to get simply because we haven't homes for them, despite the greatest building campaign ever conducted in any California city. No one is to blame, of course, for we could hardly build homes faster than they are now being constructed, for lack of workmen.

## New Real Estate Firm

H. S. Burn, who has been engaged in the real estate business with Harry Chase for nearly a year past, has formed a partnership with Doner & Hemenway and the new firm will be known as Doner, Hemenway & Burn. They have bought the interest of W. W. Lee and M. P. Harrison in the building occupied by them and the Chaffee Grocery Co., and will enlarge their real estate business quite extensively. The front of the real estate office will be remodeled. Mr. Lee and Mr. Harrison will still retain office room where they now are.

## Chaffee's Improvements

The shelving on the north side of the Chaffee Grocery store has been torn out and an up-to-date stand for the display of fruit and vegetables will be put in. The shelving that was torn down has been taken to the Burbank store, which is being greatly enlarged. Other changes will be made in the Glendale store to conform to the improvement.

## New Residences

Permits have been taken out for the following new residences since yesterday noon: Fred B. Koepke, six rooms, at 318 Patterson avenue, \$5000; Charles Kausen, five rooms, 225 Burchett, \$5900; A. J. Van Wie, four rooms, 316 North Belmont, \$1500; A. W. Daman, five rooms, 628 West Lexington Drive, \$3000; Dr. C. L. Marlenee, four rooms, 314 W. Colorado, \$2000. Valuation of permits issued so far this month is \$391,026.

## OLD TROPICO

**IS "COMING BACK" TO FORMER PROSPERITY WITH A RUSH**

In the block between Los Feliz Road and Central avenue, where it crosses San Fernando Road, where, a little over a year ago were twenty-seven vacant business rooms, counting both sides of the street, now hardly one remains. Many new businesses have opened up—grocery stores, meat markets, candy stores, etc., and a dry goods store will be opened Saturday by Mrs. L. Rosenberg, to be known as "The Model Store," the goods already being in stock, but not put on the shelves. Besides these there are four manufacturing concerns, one of them, the Russell Furniture Manufacturing Co., occupying three big rooms, a painting and decorating company the next one to them and the Beylik Chemical Co. still another room, all these on the west side of San Fernando Road; and there is a sash and door factory in operation on the east side at 1422. The latter business was started by C. S. Jordan, who until a little over three months ago was building foreman for Contractor F. W. Pigg. He lives in Los Angeles, but he and his wife have been trying for more than a week to find a place to live in Glendale, near the business, but in vain. Every kind of business in this lively section seems prosperous.

## MRS. REYNOLDS

**MOTHER OF HENRY M., 339 WEST WINDSOR ROAD, DIES AT CORONADO**

Mrs. Catharine Lamb Reynolds died recently at St. Joseph's Hospital, San Diego, where she had been taken when stricken down with paralysis at her home in Coronado. For the past five years Mrs. Reynolds has resided with her son at 339 West Windsor Road. She left here only a few weeks ago to pass the summer at her old Coronado home.

Catharine Lamb was born August 12, 1838, at Cortlandtown, N. Y. Her ancestors were of the early settlers of that section purchasing lands direct from the Indians. Several of her relatives served in the Revolutionary War, and others later, in the Civil War. Her father, John Lamb, was for many years, and until his death in 1849, captain of one of the old-time sloops of the Hudson. Jacob Lamb, her grandfather, born in 1746, lived to the age of ninety-six. During the revolution he was personally appointed by George Washington as guardian of The Pass, where the Albany post road from New York winds through the highlands of the Hudson. The appointment was never revoked and Jacob Lamb at the time of his death, in 1842, considered that he was still guardian, although there had been no occasion for him to assert his authority for more than half a century. Catharine Lamb was but eleven years of age when within a period of about one year she lost father, mother and only sister, yet she herself lived a long and useful life of over seventy years thereafter. She was brought up in the family of an uncle and later married Albert T. Reynolds of Ossining, N. Y. In 1888 they came to California, making their home at Coronado, where Mr. Reynolds died in 1903. Mrs. Reynolds was a member of the Methodist Church and in earlier life an active worker in the W. C. T. U. She was the mother of eight children, six of whom survive her. They are Harry M. Reynolds of Glendale; Albert S. Reynolds of Tucson, Ariz.; Mrs. George H. Blackmore, White Plains, N. Y.; Mrs. Albert J. Elliott of New York City; Mrs. Henry E. Voegel of Chicago, and Mrs. Forest Clark of Coronado, who is now in Spain with her husband.

## FRANKLIN MOTSCH

**BOY SHOT BY COMPANION MOVED TO SANITARIUM; WOUND SERIOUS**

Franklin Motsch, who was shot by another boy named Larson, living near him, last Thursday, was moved to the Glendale Sanitarium yesterday. He is a son of Frank Motsch, for years proprietor of the Park Avenue Grocery. The family formerly lived on West Windsor Road, where the eldest son died about four years ago of meningitis. Later they moved to 216 East Park Avenue, and when that home was sold a few weeks ago, moved into a garage built for a temporary residence at 2129 Kenneth Road. Franklin was shot by the Larson boy last Thursday forenoon as he was playing in the road near his home and says he told the boy not to point the rifle, a .22, at him, but at a telephone pole, if he wished to see if it was loaded. But young Larson deliberately pulled the trigger, he said. He instinctively threw up his right arm, which the ball pierced and then entered his side, passing through liver and lungs and lodged. It has not yet been located. So much blood was lost before the wounded boy was picked up and carried into the house that his condition is quite serious. He had considerable temperature yesterday, but is better today.

## Entertain at Dinner

Major and Mrs. H. W. Edmonds entertained a few friends at a 6 o'clock dinner Saturday evening at their home at 423 Pioneer Drive. Pink carnations and lavender asters made very attractive decorations. The elaborate dinner was served in six courses. As the gentlemen guests had been together in the service overseas, the occasion was especially enjoyable to them. The guest list consisted of Mr. and Mrs. Henry Stecker of Glendale, Major O. M. McKee of Sherman and Lieut. M. Endecker of Santa Ana.

Ralph Criswell, candidate for Congress, will speak on street, Brand and Broadway, at 6:30 this evening.

## BLAME BRITISH CABINET

**SINN FEIN OFFICIALS BLAME LLOYD GEORGE FOR THE CONDITION OF TERENCE MAC SWEENEY**

(Special Service to Glendale Evening News)  
LUCERNE, Switzerland, Aug. 25.—Premier Lloyd George today sent a note to the sister of Terence MacSweeney, lord mayor of Cork, who is dying in a London prison of a self-imposed hunger strike. Lloyd George said he could not interfere in MacSweeney's case.

DUBLIN, Ireland, Aug. 25.—Arthur Griffiths, Sinn Fein leader, today announced he had sent messages to rulers of nations throughout the world calling attention to the arrest and detention of Terence MacSweeney, reported to be dying in Brixton prison.

LONDON, Aug. 25.—Sinn Fein officials today declared they would condemn to death all persons implicated in the expected death of Terence MacSweeney. While refusing to specify whom they regarded as responsible, the officials inferred that Premier Lloyd George, and members of his cabinet, are liable.

## DEATH BLOW TO SOVIET

**RED ARMY CANNOT RECOVER FROM BLOW DEALT BY POLES; BOLSHEVIK ARMISTICE REFUSED**

(Special Service to Glendale Evening News)  
LONDON, Aug. 25.—"The northern Soviet army is completely surrounded. It is furiously attacking in an attempt to fight its way out," the Polish official communique announced today.

What action Germany would take in the event of resumption of hostilities was not known here. Sentiment among East Prussians strongly favors the Bolsheviks.

Alexander Kerensky, former Russian premier, today declared the Russians would be unable to reform their armies within a year, following their tremendous defeat.

Kerensky said "it may be a death blow to the Soviet," since Lenin and Trotsky are dependent upon military force for their hold on the Russian people.

The Bolshevik representatives, Krassin and Kamenoff, have secured their passports preparatory to leaving England, should their government fail to accede to the British demands.

Reports from Minsk today said the Poles had definitely refused the Bolshevik armistice proposals.

LONDON, Aug. 25.—Whether most of Europe will again be involved in war was expected to be decided within forty-eight hours. Russia has until Friday to answer the Anglo-Italian note demanding modifications of the armistice terms asked of Poland.

WASHINGTON, Aug. 25.—Poland's armies cannot halt their rout of the Bolsheviks at the eastern frontier of their country, as the United States desires, according to belief expressed in official Polish circles today. It was stated that it would be "strategically impossible" for Poland's armies to halt unless an armistice was signed.

## ANTI-SUFFRAGE LEADERS TO FIGHT

**ACTION BEGUN TO ENJOIN SECRETARY OF STATE FROM PROCLAIMING RATIFICATION OF AMENDMENT**

(Special Service to Glendale Evening News)  
WASHINGTON, D. C., Aug. 25.—Legal action to enjoin Secretary Colby from proclaiming ratification of the federal suffrage amendment was begun in the District of Columbia Supreme court today.

## ARREST OF "TRUNK MURDERER"

**EUGENE LEROY, MEMBER OF CREW OF "DRYDEN" ARRIVES AT RIO DE JANEIRO UNDER ARREST**

(Special Service to Glendale Evening News)  
RIO DE JANEIRO, Aug. 25.—The British steamer "Dryden" arrived here today with Eugene Leroy, New York "trunk murderer," under arrest. Leroy was a member of the crew of the "Dryden," which sailed from New York August 3.

## CAMPAIGN RECEIPTS

(Special Service to Glendale Evening News)  
NEW YORK, Aug. 25.—Democratic National Chairman White today announced that campaign receipts of the Democratic party have been less than \$100,000. White flatly denied statements of Representative Britten, of Illinois, that the British embassy had contributed to Democratic funds.

## ROOSEVELT LEAVES LOS ANGELES

(Special Service to Glendale Evening News)  
LOS ANGELES, Aug. 25.—Franklin D. Roosevelt left here for Salt Lake City at 9 o'clock today, following an address at Trinity Auditorium last night.

## HEADLIGHT LAW

**DECLARED CONSTITUTIONAL BY CALIFORNIA SUPREME COURT**

Stafford Harlow, local representative of the Automobile Club of Southern California, is in receipt of the following information relative to the matter of headlights on motor vehicles which he believes will be of interest to all motorists.

"On July 27, 1920, the Supreme Court of this state in a unanimous decision, upheld the provisions of Section 13 of the California Vehicle Act, which is the section regulating headlights. The suit out of which this decision arose was entitled, "In the Matter of the Application of Lee H. Hinkelman for a Writ of Habeas Corpus," Cal. Dec. 123). The suit was brought to test the validity of the arrest of Hinkelman, made on account of his use in each of the headlights of his machine, of a Warner Lens and headlight bulbs exceeding in candlepower the light prescribed by the testing laboratory of the Motor Vehicle Department. The Supreme Court held the arrest was valid, and that Mr. Hinkelman was properly arrested for violating the law by his use of headlight bulbs of greater candlepower than those specified by the testing agency of the Motor Vehicle Department.

The club office here has a list of approved headlights and the maximum candlepower allowable for the different makes of approved lenses and will be very glad indeed to answer all questions pertaining to this matter.

## Mary Jane Gillette Tent

The Mary Jane Gillette Tent, Daughters of Veterans, held a most enthusiastic meeting last evening in Hurt's Hall on East Broadway. Several members of N. P. Banks Post and corps were in attendance, also Mrs. Carvel of Clara Barton Tent and Mrs. Nancy Dean, Eva Wadsworth and Alleen Anderson of Helen Jean Christie Tent were present. After the regular business session, in which Florence Chadwick, Emma Gibbons and Flora Lemon were initiated into the Tent, the usual social hour was enjoyed. Music for dancing was furnished by Dorothy Danner, pianist, and Herbert Bruck, violinist. Punch and cake were served.

## Rapidly Building Up

In the single block on Chestnut and Maple between Adams street and what will soon be Sycamore Canyon Boulevard, are now ten very nice-looking bungalows, of four and five rooms each, where less than a year ago there was but one. And of course every one of these houses is occupied.

## SEW AND CHAT

**YOUNG LADIES ENJOY AFTER-NOON IN GOOD OLD-FASHIONED WAY**

Miss Carol Willisford of 217 North Orange, entertained a number of girls Saturday afternoon in compliment to Miss Theda White and Miss Nellie Goertz. The hours were spent in a pleasant manner, sewing and chatting. As the guests of honor, several other girls, and the hostess, are Pomona College students or graduates, reminiscences of school days brought happy memories. Small white and gold recipe books were passed around, and favorite recipes exchanged, so at the conclusion of the afternoon, each girl possessed a book filled with choice cookery lore.

Those who enjoyed the afternoon were Misses Theda White of Pomona, Nellie Goertz, Margaret Studebaker, Margaret Gregg, Bettie Gregg, Eleanor Sargent, Katherine Sargent, Harriet Van Pelt, Margaret Lamberty, May Church, of Glendale, and Rachel Stillwell of South Pasadena, and Mesdames Sidney Simon, Wayne Smith, Charles Carroll, Payson Hayward, Smith MacMullin, Milton Statt and Seymour Smith.

## Death of Mrs. Bement

Mrs. A. Ricksecker informed The Evening News this morning that Mrs. Elizabeth Bement, who had been the very efficient teacher of sewing and millinery in Glendale Union High School for about four years, and who was employed for the coming year, died very suddenly last Friday in San Francisco, where she had been spending her vacation. She leaves one son, Willis.

## ARRINGTON RISES

**NOW HOUSE DETECTIVE AT U. S. GRANT; WILL BE ASST. MANAGER AMBASSADOR HOTEL**

Clair V. Arrington and wife of San Diego, are spending a few days in Glendale with the families of Frank Echols, Clyde Morrison and other friends. Mr. Arrington was formerly city marshal of Glendale, but is now house detective for the U. S. Grant Hotel of San Diego. About October 1 he will take on a new position, that of assistant manager of the new hotel now in course of construction in the Wilshire district, Los Angeles, which is to be the finest in the city, costing, with its grounds, over \$5,000,000. It will be called The Ambassador. This new hostelry will not open much before the first of the year, it is expected, but the help is all to be engaged beforehand, so as to be all ready and drilled for the opening. Mr. Arrington will assume his new duties this early, as it will be a part of his work to examine all applicants for positions and certify to the character of each after making thorough investigations. Mr. Arrington's father has been a detective for many years and is now head of an agency in San Diego.

## Bids For Lighting System

Some years ago the City of Glendale put in a street lighting system for that district north of the wash up to the foothills and west to Grand View avenue, for the county, under the name of the "Casa Verdugo Lighting System," and still furnishes current for the same and keeps the system in repair for a stated sum per year. Now the county is asking that, as a matter of form and to get the contract properly on record, a bid be submitted for continuing the service. As the system is practically a part of Glendale's, it is not likely there will be any competing bids.

## Likes Country-City Life

M. P. Harrison is very much delighted with the "country home" that has all city advantages," on Sixth street, corner of Grand View avenue, and says he would like to live in just such a place all his life, for, he said, "Out there I can talk and laugh as loud as I please without disturbing my neighbors." He is getting ready to commence building soon on North Maryland, and he says he hates to think of again living hedged in on either side by houses, and no room to talk and laugh real loud.

## Wires in Metal Conduits

The large two-story residence of Mrs. Minnie W. Fox, commenced at 345 North Kenwood, corner of Lexington Drive, in June, and now about half completed, will be the first regular dwelling house in Glendale to have all its electric wiring in metal conduits. This method of protection from fires started by crossed wires is required in all buildings in Los Angeles, but only in business buildings and in apartment houses and tenements where more than two families are provided for, in this city as yet. It is thought that before many years this kind of wiring will be required in all Glendale buildings. Dr. Chase's new adobe residence on North Orange will be so wired, also.

## PURRIER MENDS

**NOW SITS UP IN BED; IS GUARDED FROM SUPPOSED ASSASSINS**

Judge Harry M. Miller and Jack Lucas, who have been paying frequent visits to their wounded friend, Constable H. E. Purrier at the Burbank Hospital, report that he was so improved yesterday that he could talk to them freely. He is able to be propped up in bed part of the time. Raphael Dalo, the man now in jail charged with complicity in the crime, has been positively identified by Purrier as the man who shot him. Dalo had confessed to being a member of the gang, but charged Domenico Gays, recently arrested in Arizona and brought to the county jail in Los Angeles, with having done all the shooting, which resulted in the killing of Night Watchman Norman and the wounding of Purrier. The hospital is now guarded every night, as suspicious characters said to be Italians, have been seen lurking about near Purrier's room, supposedly with the intention of killing him.

## PROTECT TREES

**BUSINESS MEN WARNED THAT FORESTS MUST BE BETTER GUARDED**

NEW LONDON, N. H., Aug. 25.—(United Press).—Warning the business interests, particularly the newspaper publishers, that there must be action at once for better fire protection—\$1,000,000 a year for fighting forests against the \$30,000,000 a year fire loss—Charlesthrop Pack, president of the American Forestry Association, spoke here today at a conference of foresters, timberland owners, paper men and lumbermen. Pack urged a \$2,000,000 a year appropriation for the acquisition of forest land by the government for the purpose of growing timber to replace rapidly disappearing supplies. The conference is being conducted by the Society for the Protection of Hampshire Forests. Some of the speakers on the day program are George W. Sisson, Jr., president of American Pulp and Paper Association; R. S. Kellogg, secretary of American News Print Service; Henry S. Graves, former chief forester of the United States; Elwoodson, chief forester of the Laurens Paper Co. of Grand Mere, Quebec.

Forests are not only being wiped out by destructive conflagrations as well as by numerous small fires, but these fires also prevent the natural regeneration of hundreds of thousands of acres of cut over lands," Pack. "Our direct loss in timber by these fires is \$30,000,000 a year. Altogether there are 315,000 acres of state and privately owned forest land in the protection of which the government should cooperate. At present half this vast area is wholly unprotected and protection of the other half is entirely inadequate. If these lands are to be kept productive there must be tremendous expansion in our present fire protection activities by the federal government, the states and private owners. Legislation authorizing the government to spend a million dollars annually in co-operation with the states is immediately essential. "Close estimates show 81,000,000 acres of waste forest land on which there is no growth of any value. This is a greater loss than the combined forest area of Germany, Denmark, Holland, Belgium, France, Switzerland, Spain and Portugal, should be made, proper management, to protect forests.

"Our standing timber is now being cut or destroyed by fire, disease and insects four times as fast as new timber is being grown. In the case of saw timber alone, the destruction is more than five times the growth of such material. What this means to the nation in the way of higher prices of forest products is apparent. Adequate fire protection of our forests will solve 75% of the difficulties now confronting us in attempting to keep our forest lands productive.

"At present about one-fifth of the best land of the country is publicly owned, mainly by the federal government. This ownership should be increased to one-half of the timber owning land of the United States and distributed throughout the principal forest regions."

Solomon said there was nothing new under the sun—but that was before the girls wore summer furs.

### NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the undersigned have this day, by mutual consent, dissolved the partnership heretofore existing between them. Bine J. Smith will continue the business under the same firm name, the Broadway Auto Sales Company. Dated at Glendale, California, July 1, 1920.

SANFORD L. SMITH.  
BINE J. SMITH.

## FARMER ON JOB

**AGAIN PROVES HIMSELF SAFE-GUARD OF AMERICAN PROSPERITY**

The most insistent problem in America—or in the world, for that matter—has been solved. It is the problem of food production. The American farmer has turned the trick. It is well to pause, in the midst of the hot weather and politics, to give him due credit.

The farmer started the year rather up against it, like a good many other people. If the general outlook was dark, his was more so.

The typical farmer, be it remembered, is both business man and workman, employer and employee. As a business man he faced, to a greater degree than others, the difficulties of scarce capital, scarce labor and high wages. It was a question whether farmers in the aggregate could produce anywhere near as much food as last year.

The farmer-business man belied his reputation for timidity and over-conservatism. He decided to go ahead and make the best of it. His tactics shamed those of the business world in general. He started in to cultivate all the land possible, tackling more than he thought he could manage rather than less. As a capitalist and employer, he plunged. He ordered the machinery he needed, and he went out and got the hired help he needed by the only practical way there was to get it—paying it wages that compared favorably with city wages. The result is a set of crops far bigger than anybody expected.

The weather deserves credit, to be sure. But the weather has been only an accessory after the fact. The fact is that the American farmer has proved himself once more the solid safeguard of American prosperity in a weak and wobbly time. And as is usual with the man who works and ventures, he is going to reap the benefit of it. Other business men may take the lesson to heart.

Other workmen may heed it, too. The farmer is where he is today because as a workman, and one with real grievances, he did not strike, and did not even go "on vacation," but jumped in on the job, and kept on it, and is still on it, seeing it through.

It should not be held against Senator Harding that he once worked as a reporter—that was when he needed the money.

As long as a baldheaded man can grow a little fringe about the ears he holds out hope to the barbers. Almost any city man could prevent a scheme for doubling the products of the farm without extra cost.

## When the train came in back in 1910

**T**EN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

### A VOTER'S TEXTBOOK

When Kansas women were granted full suffrage some years ago, a Kansas woman wrote a textbook for them. They used it and found it very satisfactory. Then it was extended to newly naturalized citizens because it taught them in simple and direct terms what their duties as citizens were. Next, male voters inclined to show indifference to public affairs and government were given a dose of the book with beneficial results. Now it is suggested that the state take its publication and issue enough copies to supply all high schools with this voters' textbook.

The book describes the duties of citizenship; the naturalization of aliens; the elements making up the national, state, city, school and township governments; the organization and work of the courts, charitable, educational and penal institutions, and the laws dealing with the welfare of women and children. Party organizations, and the selections of candidates are given due space.

All the routine of voting is carefully taken up, with chapters on general, city, special and primary elections, referendums, etc. Sample ballots and specific instructions covering each kind are printed, so that no earnest voter need go to the polls ignorant of the details which will avoid faulty marking and resultant throwing out of his ballot.

Few citizens know all that they ought to know about the local, state and federal governments under which they live and over which the voter really has final control. That control would be more satisfactorily exerted if more indifferent citizens abandoned their indifference, studied the game and used their suffrage as a solemn duty and a high privilege.

## If You Are Looking Forward

to having your furniture moved by us we are not a bit backward in telling you that we will do it in a manner and at a price that will move you to appreciation. We have great respect for music—let us move your piano.

YOU CAN'T THINK FORWARD WHILE LOOKING BACKWARD

## IF YOU WERE BUYING CALICO

and you could get 10 yards at one place for 90c and ten at another of the same or better quality for 30c, is there any use asking you which place would get the business?

**THERE'S A LOT OF YOU PAYING 90 FOR 30 ONLY IT'S FOR TRANSPORTATION INSTEAD OF CALICO**

The government says it costs to run Fords 7.7c per mile; Dodges, 10.6c; Buicks, 11c; Overlands, 11.6c; Reos, 12c; Studebakers, 12.3c; Paiges, 10c—a general average of a little better than 9c on 37 machines under record test. On the cash fare basis you can buy transportation on this railway for less than 3c per mile; while on the commutation basis it is slightly more than a cent a mile. Here is the way a line comparison looks. Figure your loss on those frequent trips you make that could be made as quickly in most every instance; with fully as much comfort and with the hazard all on the transportation company and not on you:

Ten Miles in your Auto @ 9c

Ten Miles via Pacific Electric @ 3c

Ten Miles Commutation @ 1 1-3c

13c

## GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE  
TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the terminus thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing,

specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of its rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by

the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 7th day of October, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand (\$1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,  
City Clerk of the City of Glendale.

## Idle Money

There is no need to have money idle and unproductive even for a short time.

Temporarily idle funds should be invested in a Certificate of Deposit.

A Certificate of Deposit earns interest from the day of deposit and may be converted into cash instantly whenever you need the money.

We pay 4 per cent interest on Certificates of Deposit.

## The First National Bank

Glendale, Cal.

## A. E. F. Invades Mexico

SAN DIEGO, Aug. 25.—(United Press).—The American Expeditionary Force invaded Lower California today.

But it was a rather peaceful invasion.

Delegates to the annual convention of the American Legion which closed here today, made up the invading force. Under special orders of the State Department the ban on excursions across the border with "business" was lifted for twenty-four hours and the Legion men were free to come and go between San Diego and Tia Juana almost at will.

The vanguard of the expedition went across the line during the day, but the main force will not cross until after today's session of the Legion convention comes to a close. Dinner will be served for the visitors in Tia Juana tonight, preliminary to their departure for home, today's session bringing the convention to a close.

The main business before the convention today was the election of officers.

## Bill Hits Jap Trade

By Henry W. Kinney

(United Press Staff Correspondent)

TOKIO, Aug. 1.—(By Mail).—

While there is considerable indignation and consternation in shipping circles here as a result of the passage at Washington of the Jones bill, at least some Japanese are able to see Japan is not in position to object with any great degree of justice, as long as she herself has on her statute books laws which operate against foreigners.

Already there have been a number of protests sent to the government by various organizations of shipping and business men, but no hint has yet been given as to what form the cabinet's protest will take.

In memorials forwarded to the government the provisions of the bill that are most objectionable to Japanese interests are: (1) prohibition of foreign ships from entering American harbors where they engage in competition with American ships by means of rebates, etc.; (2) inclusion of the Philippines within the scope of the coastwise shipping law, thus preventing foreign bottoms from engaging in trade between the Philippines and the United States; (3) abolition of special overland freight rates and (4) imposition of customs dues against foreign shipping.

Various predictions have been made as to what the effect of the operation of the bill will be on Japanese shipping. Thus it has been claimed that it will effect eighty per cent of the Japanese merchant marine, and that, as a consequence, the big Nippon Yusen Kaisha and Osaka Shosen Kaisha liners may be withdrawn from North American trade, being placed on the South American run instead in the hope of developing this business, which showed considerable growth during the war years, but which has since then been dwindling.

## Grape Shipments

STOCKTON, Aug. 25.—The first table and wine grapes from the Lodi section are now being shipped to the markets. The first car load of wine grapes brought \$140 per ton, a record price, despite prohibition.

Warm weather has damaged the crop to a certain extent, causing the fruit to shrivel.

It is doubtful if many of the victims ever thank the government for putting a sharp out of business.

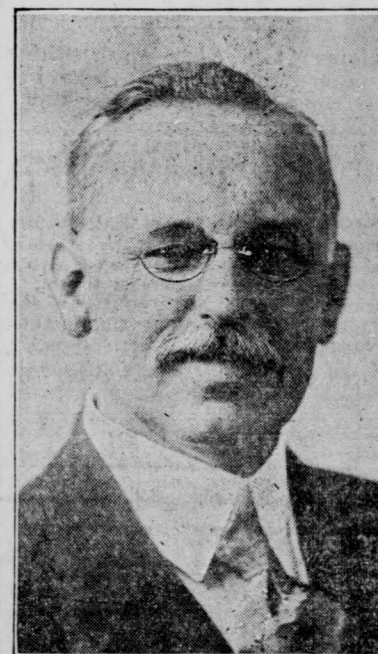

WE remain steadfast in our purpose to conduct our business in an efficient, commendable manner. Our reliability is unquestioned. Our business conduct has been such that it has won for us the public's approval.

## Personals

Miss Margaret Crawford of 800 South Central avenue, is visiting friends in Bakersfield.

V. M. Hollister, proprietor of the Valley Supply Company, is spending a week's vacation at Big Bear.

Merle Metherell left Friday for Bishop where he will spend two weeks camping and enjoying outdoor life.

Mrs. Bertha Pierce of 1311 East Harvard had the pleasure of entertaining her daughter, Mrs. Will Krug of Los Angeles Sunday and Monday.

On an average in the United States one person comes to his death every thirty-four minutes from automobile accidents.

George M. Anderson of 1312 East Harvard, is at San Bernardino for several days looking after business interests.

Miss Marian Dashford of Los Angeles will spend the week-end in Glendale visiting Mrs. A. Enos of the Victor Hotel.

E. W. Palutzke and family of 455 Myrtle street, have returned from Yosemite Valley where they enjoyed a two months' vacation.

J. E. Walker, of the Walker Jewelry Company, is spending the week at San Francisco, attending the Watch Inspectors' Convention.

Mrs. C. H. Thompson of 348 Milford returned last Sunday from Winslow, Ariz., where she had spent the past ten days visiting her sister.

J. B. Swinburn is spending ten days in San Francisco taking care of business affairs. He is employed in a photograph studio on Broadway.

Mr. and Mrs. Vincent Salmacia have gone to Coronado to enjoy a vacation. They also are attending the American Legion Convention at San Diego.

H. R. Middleworth and wife of La Jolla were in Glendale yesterday visiting relatives and old friends. Mr. Middleworth is in charge of the Ford agency in La Jolla.

L. H. Davis, formerly assistant manager of the Bush & Lane Piano Company at Detroit, Mich., has accepted a position as sales manager of the Glendale Phonograph & Piano Company.

Miss Marjorie Hart, daughter of Mr. and Mrs. L. A. Hart of 729 Raleigh street, is slowly recovering from an infection on her foot, which threatens serious results. No further trouble is anticipated now, however.

Mrs. Matilda Burger of 1327 East Harvard, has moved to her pretty new home at Glassell Park. Mrs. Burger has been a resident of Glendale for the past three years, and has a large number of friends in the city.

The Monday Auction Bridge Club was entertained most delightfully at Casa Verdugo on Tuesday, Mrs. J. Herbert Smith of 511 North Central avenue, acting as hostess. The high score was made by Mrs. Claude Pulliam.

Mr. and Mrs. John Russell Thompson of Holtville, Imperial County, accompanied by his sister, Miss Carolyn E. Thompson of Frankfort, Ky., arrived in Glendale last Wednesday to visit Mr. and Mrs. T. C. Gillett of West Cypress avenue.

Born, Sunday, August 22, 1920, at 5:30 p. m., to Robert G. Freeman and wife of 127 North Orange, a son, weight nine pounds. The newcomer has been named Robert Ernest. The father, Mr. Freeman, is manager of the Chaffee Grocery in Glendale.

Miss Theda White of Pomona was a house guest of Miss Carol Willisford during the week-end. Saturday evening the following girls enjoyed a theater party at Los Angeles: Misses Theda White, Nellie Goertz, Margaret Studebaker and Carol Willisford.

Mrs. E. Dudley and daughter, Minnie, of Paulina, Iowa, are guests today at the John Gardner home at 231 Milford street. Miss Dudley is a trained nurse and expects to remain in Los Angeles this fall and winter. Mrs. Dudley returns to Iowa this week.

Mrs. Belle Lantzner Carlin, of Los Angeles, was a guest at the home of Mrs. George Anderson at 1312 East Harvard, Sunday. Mrs. Carlin and Mrs. Anderson both claim Greenville, Texas, as their former home, and so the day was happily spent recalling old times.

J. R. Yousling of Sioux City, Iowa, and J. H. Morey of Battle Creek, Iowa, have purchased lots on Pioneer Drive through the James W. Pearson agency, and plan to erect homes thereon. Both have already had garages started on their lots for temporary residences.

Misses Cymbeline and Katherine Taylor who recently moved to Glendale from Texas, and are living at 1312 East Harvard, attended the Texas picnic at Sycamore Grove Saturday, and met many former Texas friends. The afternoon was one of much enjoyment for all present.

F. H. Reed and family have moved from 904 East Wilson avenue to 123 South Belmont.

G. M. Bryan and family have recently moved from 330 Cameron Place to 232 North Maryland avenue.

Henry Miller of 457 Milford, who is locomotive inspector for the Santa Fe at Mojave, came home Saturday night suffering from an attack of sciatic rheumatism, which confines him to his home.

A son of Mr. and Mrs. Ratcliffe of West Lexington Drive arrived from England this week. He has been attending an English university and has just received his degree. He expects to make his home in California.

Harry Horn, Jr., who is doing electrical work in Long Beach, where he has lived since his father sold the grocery store at 525 South Brand, where Harry worked, was in Glendale last evening for a brief visit with his parents.

Mr. and Mrs. T. L. Totman of 510 North Central avenue, returned from a week's outing at Catalina, Monday. Tuesday morning they loaded their auto with a camping outfit and started for the mountains to be gone another week.

Vern Anderson and family and Mr. and Mrs. John Manuel of Brewster, Minn., are newcomers in Glendale. Mr. Anderson is looking for a house and expects to make California his home. Mr. and Mrs. Manuel will spend the winter here.

Mr. and Mrs. Bennett of Los Angeles, have purchased J. E. Jeters' property at 217 East Chestnut street, and take possession this week. Mr. Bennett is chief inspector for the Salt Lake Railway Company. The deal was made through C. H. Henry, real estate agent.

Mrs. C. West and son, who have been visiting friends in Glendale, Pasadena and Los Angeles for the past month, are leaving for Minnesota today. Mr. West has been looking up a location and will bring his family here in about three weeks. He expects to locate in Glendale if he can find a suitable place to rent.

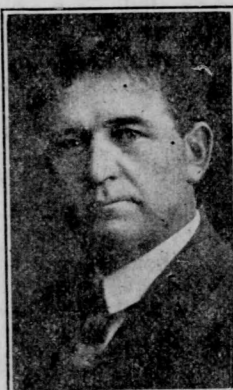

J. Walter Hanby, presiding justice of the Los Angeles Township Court and candidate for judge of the Superior Court, was in Glendale yesterday and called at The Evening News office, accompanied by Judge Harry M. Miller, who spoke in high terms of him, both as a man and as a public official.

Zenas Smith of 306 South Adams, had a very exciting experience Sunday. He had gone to San Diego and on the way home the bus he was travelling in fell down a steep hillside, sliding fifty feet, he says, yet none of the many passengers it was carrying was seriously hurt, though all were badly frightened.

A. N. Allis, proprietor of the grocery at Hawthorne and Pacific avenue, in addition to being a busy merchant, is about to claim the sunflower growing championship of the west side. One of the stalks in his garden attained a height of over twelve feet and bore a flower fifty-six inches in circumference, weighing eight pounds.

Many complaints have been made to the City Hall and some to The Evening News in regard to the attaching of advertising matter for candidates on trees about the city, either with strings or tacks, not only making an unsightly appearance, but scarring the trees. Complainants were surprised when told that there is no city ordinance to protect our trees from such defacement and were emphatic in saying there should be one.

Pliny D. Finch, who has been conducting a little grocery store at 435 South Pacific avenue, in the front room of his residence, will soon turn over business and home to his son, John B., who lives next door, at 439, and then he and his wife will move in with a brother, Newton Finch, who will start a store at 1200 South Glendale avenue, and live in the five-room bungalow that occupies the rear of the lot. This will release two homes for renting.

**ELECT HARRY P. COKER**

He is a man of business experience, well balanced and capable. He will administer the office of

Supervisor of the 5th District honestly and efficiently. Mr. Coker is not a politician. He has lived in Glendale seventeen years, has always helped to keep Glendale clean. He knows also the needs of the great San Fernando Valley.

Mrs. Olive I. Nelson of 123 South Belmont, has sold her bungalow to Floyd Reed of Glendale. Mrs. Nelson is building a garage for a temporary residence at 127 South Adams street.

Mr. and Mrs. W. A. Riddell, who have been living for a time at 313 West Lomita avenue, recently moved to the home they purchased of I. E. Gould and wife at 311 South Central avenue.

Mrs. Mary Baugh and Mrs. Esther Lewers of Erie, Pa., spent Tuesday in Glendale visiting their niece, Mrs. George McClure at 328 North Louise. Mrs. Baugh and Mrs. Lewers plan to stay in Los Angeles during the fall and winter months.

360,000 copies of folders containing the initiative and referendum measures with arguments for and against, to be voted on at the general election in November, will be required in Los Angeles County to furnish each voter with a copy. Two freight cars will be required to transport these folders from the State Printing House to Los Angeles.

Mrs. Emma Chadwick and daughter, Florence, of Long Beach, are visiting at the home of Mr. and Mrs. Robert Danner, 1631 Gardena avenue, and are making preparations to visit their old home at Ft. Scott, Kan., starting about the 10th of September, to be gone sixty days. They will be accompanied by Dorothy Danner, who is Mrs. Chadwick's granddaughter.

Charles Kausen, who sold his home at 360 West Doran less than a year ago and moved to Pasadena, has decided that Glendale is where he wants to live, after all. A few weeks ago he bought the lot at 225 Burchett and built a garage for temporary residence purposes. Now he is building a fine five-room house on the front of the lot to cost, according to the permit, \$5900.

Miss Frances Jackson of 346 West Wilson avenue, entertained several friends at luncheon this afternoon at 1 o'clock, complimentary to Mrs. Ben Vallee of Hollywood, who is her guest for the day. Mrs. Vallee was formerly a teacher in the Intermediate grade school at Glendale. The luncheon guests were Mrs. Vallee, Miss Ethel Land and Miss Margaret McPherson.

Mrs. Frank M. Selover of Long Beach, with her daughter, Mrs. Robert Hayes Wilson of Berkeley, are guests of Mr. and Mrs. E. E. Dana of 1318 North Louise street. The Selovers and Danas are friends of years' standing, dating from their residence in Santa Barbara. Mr. Selover was formerly managing editor of the Santa Barbara Morning Press and is now on the editorial staff of the Long Beach Press.

Mrs. George Schaffer of Eagle Rock, recently was a guest of Mrs. A. M. Beamon at 203 North Maryland avenue. Mrs. Schaffer and Mrs. Beamon were former residents of Rochester, N. Y., and their friendship began in that city. Mr. and Mrs. A. M. Beamon's son, Charles, is expected to return Friday from Long Beach, where he has been visiting his grandparents, Mr. and Mrs. C. H. Du Bois, for the past two weeks.

A happy crowd of picnickers is expected to gather at the Magnolia playground Friday afternoon at 2 o'clock. A full program of races, progressive games, and stunts for prizes will be carried out. At lunch time all picnickers will be served free of charge with delicious watermelon. A splendid time will be awaiting those who are able to come, as contests and competitive features which have been running all summer, will furnish the fun.

Mr. and Mrs. John Goetz of 721 South Brand Boulevard, leave today for Laramie, Wyo., where they will visit for the next two or three months. They have commenced the erection of a new bungalow on Garfield avenue, which they expect to be ready for occupancy upon their return to Glendale this fall, as their beautiful home on South Brand was sold several weeks ago to A. A. Carver of Seville, Ohio. The two young ladies of that family are at present occupying their new home and are anxiously awaiting the arrival of the rest of the family who are coming to Glendale in their machine. Mr. Carver plans to devote his entire time to the raising of fancy poultry.

## Tennis Tournament

A report of the finish of the Magnolia playgrounds tennis tournament held during the past two weeks, shows that Hearcel Shaffer is the winner of the beginners' tournament, with 1000 per cent. Shaffer won consistently from all opponents, although given a hard run by Phil (Babe) Frahm, who follows closely with 800 per cent, losing to Shaffer only. Harold Martin comes third with 500 per cent. These boys win the prizes, consisting of a tennis racket, first prize; two tennis balls, second prize, and one tennis ball, third prize. The order of the other players shows Wesley Gill, 400 per cent, Carl Denny, 300 per cent, and Newell Macklin, no per cent. Better than the prizes, however, is the fact that six boys have learned to enjoy the game, and will get many hours of pleasure out of it.

## Air and Sunlight As Purifiers

Clean, pure water is necessary to launder clothes properly but sunlight and fresh air are just as necessary in drying them. The Glendale Laundry is situated in the foothills where the air is pure and clean and the sunlight has a chance to penetrate to every nook and corner. After your clothes are cleansed in the clearest and softest of mountain water they are dried in the air. The surroundings here are sanitary and wholesome.

Wouldn't it be a satisfaction to you to know that your linen was laundered under such conditions?

### The Bolshevik Defeat

The counter drive of the Poles against the Russian Bolsheviks, who were almost upon Warsaw, only to be thrown back and started on a long retreat, revives strong hopes that the Russo-Polish struggle may be settled without involving other nations in the fighting. With such a comeback by the Poles the Russians, who by this time must be pretty tired of fighting and in no condition for a big campaign, will scarcely attempt to dictate terms in the haughty mood they showed a short time ago. In the last few days it has looked more as if the Poles might do the dictating. Such terrorism as that of the Bolsheviks is bound to blow up sooner or later. It is to be kept in mind that it got its terrorist reputation exclusively from attacks upon defenseless civilians at home; from assaults upon those it should have protected. When opposed by an army it could make no headway except when it had an overwhelming number. Calling a Russian a Bolshevik has not changed him into an invincible fighter. He can endure only so much hunger and fatigue, and then he is bound to be about as ready for peace as others. While we must be on guard against exaggerations, and must not build on peace until it comes, the reports yesterday read much as if the Bolsheviks are being routed in disorder.

At any rate, it looks vastly better now for terms that will afford a reasonable basis for peace discussion.

### The Wrong Attitude

Something of a conflict has arisen between state and national authorities in regard to railroad rates on intrastate traffic. Perhaps it would be better to say that in at least two instances the state authorities incline not to follow the lead of the Interstate Commerce Commission and permit intrastate rates to be put on the same basis as interstate rates. New York demands that its chief line shall restrict itself to its charter rate of fare, though the matter is to be heard further before being finally settled.

In Illinois the Public Service Commission insists on returning to the 2-cent rate. It would afford an anomalous situation should a long haul passenger in interstate traffic be compelled to pay substantially twice the rate of fare charged the short haul interstate traveler. Should the policy of making intrastate rates lower than the interstate be upheld in these two instances, other states would be prone to take like action and that would defeat the very purpose of the increase given the railroads—to enable them to rehabilitate themselves. If the railroads are to reap the benefit the higher rates need to be uniform regardless of state lines. Only in that way can the roads reach a sound financial and physical basis.

It may be assumed that intrastate passengers, should they consult their own selfish interests alone, would choose to pay 2 cents a mile, rather than 3.6 cents, but if payment of 2 cents means still further inefficiency and reduced service, does not wisdom dictate the higher fare, if it will lead to the kind of service the country needs and must have. It is possible that the increases in both fares and freight rates are temporary, simply means to enable the roads to regain a position where they can adequately serve the public, a form of bonus that is not intended to be perpetual, should the need for it pass. To be effective it should not be nullified by conflicting state regulations.

Such a policy would at least delay the day when reduced freight rates and passenger fares could be realized. We need enlarged transportation facilities, and if we must pay more in order to gain that end, the burden should fall evenly everywhere, regardless of state lines.

### The Mortgage

Writers of the old-time melodrama and of the cheap novel that preceded it made much capital of the mortgage. In their hands the claim against the old homestead or the newly built cottage of the poor, but virtuous young hero, became a weapon as deadly as the modern high explosive bomb. According to their way of presenting the matter, the man who put a mortgage on his land or house placed himself at the mercy of some miserly old Shylock, who henceforth devoted himself to plotting the ruin of the mortgagee in order that he might possess himself of the property in question.

The crux of many a 10-cent matinee hinged upon the appearance of this old skinflint to dispossess the unfortunate widow or the struggling young hero on the day the mortgage fell due, with no funds in bank with which to meet it. And doubtless a lot of that sort of thing actually was practiced in real life in the early days of the republic.

But not so now. Today the mortgage is a recognized business instrument of vital importance in 75 per cent of all real estate transactions. It is not a sign of poverty, but of thrift, and nobody forecloses a mortgage except when driven to it by dire extremity.

And so the ancient horror of the mortgage that might spell ruin has been dissipated by the understanding that the mortgage has become a means of property holding and ownership that without it would be impossible.

Advertise in the Evening News.

### The Value of Life

The phrase, "as precious as life," indicates only a relative measure. True, a man will give most anything for his own life, but that is not a group estimate. The munitions interests and the makers of guns have no difficulty in putting a price on human life. That is not to say that they would procure with money the killing of an individual; their business is wholesale. But they would readily put a price on the lives of the youth of two, three or a dozen nations.

For the profit there would be in it for the munitions or gun making business, they would foster the war spirit, keep up the fiction that international peace is impossible and spread abroad the propaganda of ridicule against all who advocate a sane adjustment of the differences which arise among nations.

And the manipulators of the international money market have their price for human life. They do not hesitate to say that the young men of England or of France or of the United States should be sent out to kill and be killed to make good the risks of the money lenders.

The statement is openly made, and has not been denied, that the belligerent attitude of France toward Russia, is due to the huge sums of money loaned by the French to the Czarist government. How much, then, are those loans estimated at.

Millions of lives snuffed out; other millions of young men maimed, and blinded and crazed; millions of children starved and neglected; millions of victims of typhus; woes upon woes heaped upon this and generations to come. How cheap is human life!

### A German Midas

Whenever the Germans balk at the demands of the Allies, says E. Arthur Roberts, a correspondent who has been studying conditions in Europe, Hugo Stinnes looms up as the power behind the throne. Stinnes seems, from the list of his activities and successes, to be almost as many-sided a genius as Leonardo di Vinci, as shrewd a financier as the late Morgan, as big business man as the elder Rockefeller.

First, he is the biggest coal and iron man in Germany. He is said to be keeping 15,000 workmen in the Ruhr Valley armed and trained, with himself as the officer in command. He has powerful banks in Germany and is in virtual control of German banks in Austria and Hungary. He is said to own a controlling interest in many large retail stores in Berlin, Munich, Hamburg and other cities. An extensive automobile manufacturing and sales business has recently absorbed some of his loose capital. He has been embarking in the hotel and catering business on a large scale. It is being told around that this latter interest, like his dry goods and clothing industries, was developed partly for the purpose of keeping his vast army of employees fed and clothed in emergency.

Having got a good start at these varied lines, Herr Stinnes is now engaged in buying up newspapers and news agencies. Here he acknowledges the supremacy of England, and says every newspaper man should learn his trade there, as it is "the only country where journalists are taught to write facts only." This is an entertaining sidelight on German journalism as the Allies learned to know it during the war.

Not having enough to do with his time, Herr Stinnes is now a candidate for the Reichstag. The correspondent regards his election as certain. He calls him "taciturn and reserved almost to the point of shyness in the presence of strangers, yet a convincing public speaker and an unusually shrewd debater, who employs logic rather than rhetoric."

He is said to be not very trustful of his fellow men, always refusing partnerships and building up his own business, even in the beginning when he had to borrow capital and spread his personal credit thin.

If Mr. Roberts is right, Herr Stinnes is a man whose career is to be watched pretty closely by the Allies. If he got into a position of political power he might prove dangerous. So far, however, he finds democracy best suited to his purposes.

If the cost of paper continues to soar, the paper a dollar is printed on will soon be worth more than its face value.

## Goodyear Mileage = and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50

### READ WHAT MUSHET SAYS

Mr. Dodge in his weekly advertisement says, "it would be a great mistake to change the personnel of the board during this reconstruction period." In other words he desires that the Supervisors' trust should not be disturbed.

In 1918-19 the taxes amounted to over \$25,000,000.

In 1919-20 to over \$29,000,000; and this year to over \$42,000,000. An increase of more than 40 per cent over last year, and an increase of nearly 70 per cent over two years ago. This is exclusive of Bond Funds.

Of the \$4,450,000 Flood Control Bonds authorized, they sold \$3,000,000 worth, leaving about \$1,500,000 unsold. The balance of the \$3,000,000, sold, now available is very small and what is there to show for the expenditure of this immense sum of money in completed work except the scenic lake dam at Devil's Gate? At this rate of expenditure the \$4,450,000 will be only a drop in the bucket.

An investigation into this Flood Control matter would develop some astounding information and the Supervisors would "hunt for a goat." Mr. Dodge objects to a discussion of the total tax.

He wants it limited to the total for General County purposes. Very good.

In 1918-19 it amounted to \$4,195,259.

In 1919-20 it amounted to \$5,755,308.

And this year it amounted to \$7,825,948.

An increase of about 36 per cent over last year and an increase of more than 86 per cent over two years ago.

This is a worse showing than the total taxes.

No, the taxpayers should change the administration.

Energy and ability are required as well as honesty.

It would be mighty good business policy to disturb the Supervisors' trust and elect men who know.

Taxpayers—Watch your tax bills.

And remember—it's up to you—

it's your vote that counts.

Vote at the primaries, August 31, 1920, for

W. C. MUSHET, for Supervisor, 5th District.

### It Pays to Have Your Old Shoes Repaired

To have it done right, with good material, at the lowest possible price.

We are amply prepared to do all this for you, with new power machinery and first class workmen.

Give us a trial and save money.

For ten days we are giving away FREE souvenirs—a new pair of rubber heels with every pair of soles.

### FRICTION AT LEGION CONVENTION

FINANCE COMMITTEE SHARPLY RAPS EXECUTIVE COMMITTEE FOR FAILURE TO USE JUDGMENT

(Special Service to Glendale Evening News)

SAN DIEGO, Aug. 25.—A heavy artillery duel directed at the finance committee report opened the fourth session of the State American Legion convention here today.

Majority report, introduced by C. H. Kendrick, chairman of the finance committee, sharply criticized the executive officers for failure to use "reasonable judgment" and for action "apparently without consideration for the financial conditions of the State Department, which left the department practically in a state of insolvency." Blame for this situation was laid largely to the indebtedness of the monthly magazine, but executive officers were involved indirectly. A minority report introduced by Frank T. Lannon, was practically identical with the majority report, except that it eliminated all insinuations against the executive officers.

### NEW RAILROAD RATES EFFECTIVE

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 25.—High freight and passenger rates on American railroad and steamship lines will become effective at midnight tonight.

## Hon. Ralph Criswell

Candidate For

## CONGRESS NINTH DISTRICT

Member of L. A. City Council

Will address an open-air meeting at 6:30 o'clock this evening at the corner of Brand and Broadway.
